List below the TITLES of the courses you wish to enroll in while abroad:

- For "Requirement", state if you want the course(s) to count towards your major, minor, GE or elective.
- For assistance in finding the possible course offerings and descriptions, visit <https://studyabroad.uci.edu/>.

UCEAP Course Title	Requirement	Arts Comments
		In order for a course completed abroad to be counted towards an Art, Dance, Drama, or Music major or minor requirement, the student will need to submit a Course Substitution petition to the Department for review: https://tinyurl.com/UCIArtsPetition GE courses will be reviewed by the Arts Academic Counselors.

I am aware that course offerings at the host institutions fluctuate and that it may be necessary to adjust my courses accordingly. Also, I understand that my home department has final authority over what courses taken abroad may fulfill any degree requirements and that will ultimately be determined after I return from UCEAP.
